Re: Continental Stone

To whom it may concern:

Please accept this letter of recommendation for the above contractor. I have the highest confidence in Continental Stone's superior products and excellent services for the installation of granite countertops and their components.

Continental Stone has installed more than 650 kitchen counters and more than 1500 bathroom vanity tops with flawless perfection over the past decade in our homes, condominiums, and apartment complexes. They have also completed numerous large and complex commercial installations. I have found them to be creative in their designs, punctual in their delivery, and courteous to our customers and employees. Never once have they failed to deliver on time and on budget. They have always responded immediately to any concerns and have stood behind their products without question.

With great pleasure I can enthusiastically recommend, without reservation, Continental Stone for their products and services.

Please do not hesitate to call me if you should have any questions or if I could be of further assistance.
