To whom it may concern:

I am writing to recommend the services of Continental Stone out of Sterling, MA. We have utilized their services on numerous projects. These projects range from single family homes, to 120 unit multi-story buildings. We find that their prompt service and attention to detail second to none. The pricing that we have received has always been very competitive.

Also, above and beyond our company projects we have recommended Continental Stone to a number of other business associates of ours, and have always been confident in doing so.

KBS Building Systems is always happy to recommend the services of Continental Stone. If you have any questions, or need further information, please feel free to contact me at any time.

Thank You,

Ray Atkisson  
General Manager
