RE: Continental Stone

To Whom It May Concern,

Please be advised that I am the President of Midland Hotel Corp, the owner and operator of three full service Holiday Inn Hotels in Massachusetts. We have recently completed the renovation of 560 hotel guest rooms at our three properties, which included the complete renovation of all guest bathrooms. Continental Stone Inc. was one of our prime contractors during these renovations. They completed all of the tile and granite stone work in all of the guest bathrooms. Continental Stone performed all of their work in a timely and profession manner. They were also the low bidder on the job and came in at budget. I highly recommend that you use Continental Stone for any project you intend to undertake.

If you have any question or need any additional information, please feel free to contact me.

Very Truly Yours,
